

Commission for Environmental Cooperation

Workshop “Exploring Issues Related to North American Emissions Trading” Friday, 7 December

**The Westin Prince Hotel, Crown Room.
900 York Mills Road
Toronto, Ontario
(416) 444-2511**

PURPOSES OF WORKSHOP:

- To identify desirable features for the efficient operation of a multi pollutant emissions trading market in North America including identification of elements that would be needed to ensure the environmental integrity of such systems.
- To identify issues that may arise in designing systems to be consistent with trade rules.
- To identify areas for further exploration.
