Subject: Information Request to the U.S. re Factual Record SEM-21-003 (North Atlantic Right Whale)

Dear Caitlin and Paolo,

This is just to let you know that the U.S. is still working on the information request concerning the factual record for the SEM-21-003 (North Atlantic Right Whale). As you know, the agencies are dealing with competing priorities during the political transition. We are working to get you our responses as soon as possible. Please let us know if you have any questions in the meantime.

Best,

Elissa Torres-Soto
